*In this issue:*

**FAIRHAP activity:**

- Final conferences in each country for the dissemination of results

**FAIRHAP results at a glance**

- Main outputs

**FAIRHAP Ongoing activities:**

- Sustainability of the FAIRHAP project

## FAIRHAP Activity

### *Final conferences in each country for the dissemination of results*

*With great success all consortium partners have organised the final conference of the project in their country.*

*The aims of the conferences were to:*

- *publicise the outcomes of the project and the benefits obtained for the children through their participation;*
- *discuss through a brainstorming session the quality, effectiveness and transferability of all the outputs presented;*
- *promote the project ideas and to sensitize more sport and PE trainers as well as coaches and other stakeholders on transferring the Olympic values.*

*Participants were PE teachers and sports teachers, physical education counselors, school counselors, representatives from sports authorities and associations, parents, representatives from HEI's involved with Physical Education or Sport Science, as well as other end-users and beneficiaries from the project.*

*Every participant received relevant material from the project and get support from the responsible partners in using the project products as well as to promote the project.*

## FAIRHAP results at a glance

### Main Outputs

**E- Report:** Needs for Education on Fair Play and Olympic Ideals

**E- Report:** Attitudes regarding social and moral values of sport/P.E. teachers, coaches

**E-Document:** A Handbook for teaching values to children through sports: 120 games for happy children
